

Dear Partners,

Kilews requires that the screwdriver and power controller or counter must be ordered together.

If only order screwdriver without power controller or counter, the 20% of additional cost will be added for each DC type screwdriver.

The additional cost will not be added unless the serial number of power controller or counter is provided and is confirmed by Kilews.

As you know, we have the responsibility for the guarantee of Kilews products.

If you use other brand's power controller or counter, Kilews will not guarantee for the damage of screwdriver if any.

Thank you for your attention and cooperation in this matter.

Best regards,

Loover-Kilews Industrial Co., Ltd.
