

Dear Partners,

In our catalogue mentioned that KP-AUXA can be used with SKD-RBN series, please be noted it's only for SKD-RBN60/90/120/180/250 series.

Kilews has developed new **auxiliary arm KP-AUXA-500 for SKD-RBN350 & RBN500 series, and the price is same as KP-AUXA.**

Thank you for your kind attention.
